

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated daily by the quick action of the bowels, it generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a tea-spoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but every little bit counts as an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach, or constipation are assured of pronounced improvement in both health and appearance shortly.

ANNUAL REPORT OF TREASURER OF YALE

Shows Losses Due to the War—Treasurer Day Predicts Heavier Deficits

New Haven, Conn., Oct. 18.—Discussion of financial losses due to the war and predictions of heavier deficits certain to be caused by its continuance feature the report of George Parly Day, treasurer of Yale University, made public today. The report covers transactions to July 1 last. The most severe loss directly due to the war was in the university dining hall, where a loss of \$15,000 reflects the effects of high prices for food and small registration following the departure of a thousand students to enter military service.

Total gifts to Yale for the year amounted to \$1,449,192 and the university endowment on June 30 last stood at \$13,823,648 as compared with Harvard, \$22,434,738 and Princeton \$8,248,423. The largest bequest was of \$500,000 from the estate of Charles W. Harkness, Yale '83, and the largest gift to income was \$100,000 from the University of the Pacific Association. This gift, from 65,000 graduates, reduced the year's deficit from over \$115,000 to \$15,318. The alumni fund association also added over \$315,000 to the principal of the alumni fund, which now totals \$1,235,675.

Six of the nine schools showed deficits, the graduate school leading with a loss of \$70,000. Aid through scholarships was given to over 100 students and loans aggregating over \$18,000 were made to 247 others. Repayment of previous loans brought in more than \$2,000. Loans were also made to 167 staff officers to enable them to buy Liberty bonds.

Securities held by the university netted an average yield of 4.74 per cent, the best since 1912-1913. Profits amounted to \$12,624, offset by a loss of Chicago real estate, taken in exchange for default mortgage bonds of \$13,993.

The treasurer points out that building at the university was the greatest of any year since the bicentennial year of 1901. Many fine structures are now under construction and others will be later.

YAGUI INDIANS ARE CREATING TROUBLE

They Have Been in Battle Against Mexican Troops.

El Paso, Texas, Oct. 18.—Reports of a battle between Yaqui Indians and Mexican government troops at Sonora, have been received here. No date was given. The Indians were led by Colonel Reyes, who was a commander under Francisco Villa during the latter's Sonora campaign. Reports from Agua Prieta, Sonora, said 500 Yaqui Indians and near Vican, Sonora, were threatening the white settlers. The Indians have established a stronghold in the Bacatete Mountains and General Gomez has been left with a federal force to attack them.

New Haven.—The city court's quarters has been moved this week from the police headquarters building on Court street to the old county building which was bought by the city two years ago.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

IF LITTLE STOMACH IS SOUR,
LIVER TORPID OR BOWELS
CLOGGED.

Mother can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can't cause injury. No difference what all your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Pull directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

MATTERS INTERESTING WESTERLY

Speedy Decision in Ranger Will Contest Case Looked for— Suit Over North Stonington Farm—Rally in Interests of Liberty Loan Well Attended—Plans for Big Observance of Wednesday Next—Cat Overturns Lamp, Causing Fire.

Judge Herbert W. Rathbun of West-erly, who is associated with Attorneys McEachen and Myer of New York, representing Miss Edith Ranger, who is contesting the will of her brother, Henry W. Ranger, late of Noank, has been advised that a decision will be reached in the New York surrogate court during the present month. Mr. Ranger made a will in 1914 in which the National Academy of Design, New York, is made a beneficiary, and is represented by Attorneys Phelps and East of New York and Hull, McGuire & Hull of New London. The case is pending in the Gorton probate court and also in the New York surrogate court. Soon after the will of 1914 was executed Mr. Ranger died, and it is claimed that another will was executed in 1916, a short time prior to the death of Mr. Ranger.

This latter will cannot be found, although such a will was made has been proven by the witnesses to the will and others, and that will makes Miss Ranger, sister of deceased, sole beneficiary.

It is further contended that Mr. Ranger was a resident of Noank, in the town of Gorton and that therefore the case is not within the jurisdiction of the New York surrogate court. The value of the estate is estimated at \$250,000.

The case of Ann Babcock Allen against her brother, Frank H. Babcock, in which a farm in North Stonington, owned by the late Henry P. Allen and valued at \$4500, is pending in the superior court for New London county. Westery is attorney for plaintiff and Hull, McGuire & Hull of New London and T. E. Babcock of Norwich represent the defendant. It is a case where action is taken to set aside the deed of transfer of the farm. Mr. Allen died after a surgical operation in a Providence hospital and claim is made that he was not of sound mind and incompetent to make the transfer. Testimonies of doctors and nurses were taken in Providence Thursday before the standing master in chancery, George R. Fennell. The ownership of a deposit of \$700 in the Chelsea Savings bank, Norwich, is also involved.

There is not a patriotic movement in progress in connection with the present war, of a public nature, in which the people of Westery have not taken active interest, and just at present an earnest effort is being made to raise the minimum sum perhaps the maximum subscription for the Liberty loan bonds allotted to Westery. In the furtherance of the campaign there was a public meeting in the town hall Thursday evening under the auspices of the Westery unit of the woman's committee of the council of national defense, of which Mrs. Thomas Perry is chairman. There was a large attendance and the meeting will not be without results.

James M. Pendleton, manager of the Westery branch of the Industrial Trust company, explained the bonds and their importance and told of the grades of the bonds and how best to secure them, and dwell on their security as an investment. Addresses abounding with patriotic sentiment and with special reference to the Liberty loan were made by former Lieutenant Governor Roswell B. Burchard and Mrs. Walter Stokes of Providence. A pleasing feature between the speeches was the sweet singing of French songs by Bessie Cross of Cross Mills, accompanied by Mrs. Edward B. Coy at the piano. Miss Jennie B. Stanton presided at the meeting.

Preliminary to the meeting there was a parade of the entire Westery constabulary, headed by the Westery band.

The Liberty Loan half holiday will be observed next Wednesday afternoon in Westery by a mass meeting and parade. Job E. Hedges, a New York attorney and candidate for governor on the republican ticket a few years ago, and one of the best platform orators in the country, will deliver a patriotic address and all local organizations have been invited to participate in the parade. The Westery Liberty Loan committee has appointed the following committee: James M. Pendleton, Arthur L. Perry, Arthur M. Cottrell, Albert R. Stillman, Charles F. Hammond and Everett E. Whipple. There will be a general suspension of business in the afternoon.

Local Laconics.

The Third district court, Judge Oliver Williams, convenes in Westery today.

The stigma of Westery being a kitchen barroom town has long since been removed.

It is a rare time when the Westery constabulary parades without a rain storm accompaniment.

The Westery Textile company has

posted notice of an increase in wages of ten per cent, to all employees.

William Riddell, who enlisted in the 236th Overseas Canadian regiment, is home on furlough from Quebec.

Five members of the Westery band are now in the federal army, and another expects to be sailed in the near future.

With alcohol at \$6.50 a gallon, no more "spits" are concocted on the canal bank, as in the days before the present war.

The local contributions to the Knights of Columbus fund reached \$675 Thursday towards the \$1000 goal for the week.

The members of the Noank fire department will be guests of the Westery Veteran Firemen's association on Saturday night.

President Ellen Fitz Pendleton, the head of Westery college, will attend the anniversary of the Women's College, Brown university, next Saturday. She is a native of Westery and has three brothers resident here.

Dr. H. B. Potter of Wakefield, who has been at the battle front in France for six months, gave an interesting talk of his experiences there at the quarterly meeting of the Washington County Medical society, held Thursday, at the Colonial club, Westery.

While the family of Charles Richmond were away from their home in Mechanic street Wednesday night, a cat overturned a lighted lamp and set fire to the surrounding. The S. S. Barber company responded to an alarm and subdued the fire before serious damage resulted.

Up to Wednesday night the total amount subscribed for the Liberty loan in Rhode Island was \$15,056,250, and of this sum \$237,450 was reported from Westery and \$11,379,000 from Providence. From Narragansett district \$16,560, Kent county \$22,650, Bristol county \$34,400, Pawtucket \$142,550, Newport \$329,600, and Woonsocket \$44,050.

Jack Williams had more difficulty in climbing the front of the Martin house, Wednesday night, than he did the Dixon house, the night before, and in addition he climbed to the peak of the high flag staff that surmounts the building. The collection, however, was very small in comparison, \$33 as against \$206 the night before. Of the sum collected \$9 went to the Knights of Columbus fund, a total of \$70.

Stephen Zawisza, age 14, a runaway from his home in Middletown, Conn., was taken into custody by Chief of Police Brown Wednesday. The chief lodged the boy at his home instead of in the station house, and delivered him to a relative from Middletown Thursday afternoon. The boy declared that Chief Brown and Policeman Curtin were the best friends he had met and promised to call again, some day.

STONINGTON

Strike of Velvet Mill Weavers Adjusted—Delegates to State A. O. U. W. Convention—Raymond Schellen Fails to Pass Examination.

The strike of the weavers of the American Velvet company in Stonington, which has been in force more than three months, has been finally settled. The weavers in prolonged session voted, by 57 to 10, to accept the terms of the management of the mill. The earlier difficulties were easily settled, but the matter that held fire was the taking back of the strikers. The weavers demanded that all or none be given work, while the management decided that only 110 of the 128 weavers would be given employment, with preference for the residents of Stonington borough, and reinstatement to be made in bunches and at the pleasure of the employer. It is said that twenty of the strikers are at work elsewhere and therefore there are forty who will not be reengaged under the new agreement. There is no rush at the mill at the present time, and therefore the weavers will not be hired until such time as their services are required. In due time the management hopes to have place for weavers to the full capacity of the mill.

Stonington Pointers.

A coal-laden barge sprang a leak and sunk at the old steamboat wharf. Steam pumps are at work lightening the cargo so that the barge can be floated.

While people of Stonington are subscribing liberally to the Liberty loan the town gets no credit, as it is made a part of some district and does not figure particularly in the honor roll. Charles H. Brightman, August O. Muller and Joseph Zeller, are delegates from the local lodge to the state convention of the Ancient Order United Workmen in Hartford.

Mr. and Mrs. Henry Robinson Pal-

mer are guests of Mr. and Mrs. Henry C. Canby in Wilmington, Del.

By reason of defective sight, Raymond Schellen did not pass examination for the naval reserves.

Four castbound schooners in full cargo are held in Stonington harbor by reason of adverse winds.

MYSTIC

Monday Club to Open Season—Demand for Houses—Meeting of Helen Starkey Chapter.

The members of the Monday club will hold their first session for the season of 1917-1918 Monday afternoon, Nov. 5, at the home of Mrs. Charles D. Holmes on Elm street. A literary program has been prepared.

Charles C. Lodge of the Cottrell Lumber company will soon start business at the new building south of the Mystic station. He is installing up-to-date machinery which will be operated by electricity.

Fenemen in Mystic at the present time are very scarce and with the increasing business here, both in the shipyard and in the factory, the demand for men is a big demand for houses in the spring.

Heard and Seen.

Dr. and Mrs. George Leonard and Miss Edna Wheeler have returned from a very successful automobile trip through Massachusetts.

Helen Starkey chapter of St. Mark's guild met Thursday afternoon with Miss Lucy Kellogg at her home on Willow street.

Mr. and Mrs. Elias Wilcox and John C. Packer have been attending the Baptist convention at Suffield.

Mr. and Mrs. H. C. Cornwall and family have returned to Short Hills, N. J., after spending the summer months at their home here.

Finished Work for Red Cross Called In—Farewell Reception and Gifts for Ernest Hartley, of the Kilites—James Gaffney Goes to Richmond.

The Red Cross room in the town building will be open this (Friday) afternoon from 2 to 5, and from 7 to 10 in the evening. Those having finished work are being requested to return the same to the working committee as soon as possible as a shipment is to be made within a short time.

Farewell Reception and Gifts.

At the home of Mr. and Mrs. Harry Johnson 40 friends and relatives assembled Tuesday evening to tender a farewell reception to Ernest Hartley, of the 236th Battalion, McKean's Kites of America, stationed at Montreal, Sandwiches, cake, fruit, ice cream, coffee and cocoa were served by Mrs. Johnson. Vocal solos were rendered by Fremont Pirth, Albert Wilcox and William Barlow, James Higginbottom was repeatedly encouraged for his humor and wing dances. The piano accompaniments during the evening were by Misses Annie and Kathleen Johnson.

On behalf of the guests, William E. Rocheleau, Jr., presented Mr. Hartley 1,000 cigarettes, five humidor of tobacco, wristlets, and a flashlight.

Mr. Hartley thanked his friends for the kind remembrances. He related stories of camp life. He spoke of the patriotic spirit which prompted the boys to enlist in the Kilites and highly commended the service and the treatment received at the hands of the commanding officers. Mr. Hartley expects to go overseas within a short time.

At the conclusion of this reception the guests adjourned to Rocheleau's store where a Victrola concert was given through the courtesy of William Rocheleau. Upon arrival of the guests Baltic friends assembled to greet Mr. Hartley and he presented 2,000 cigarettes, a caddy of tobacco, also five humidor of tobacco.

The Star Spangled Banner, played on the Victrola, brought to a close an evening of pleasure.

Mr. Hartley spent a few days' furlough with Mr. and Mrs. Harry Johnson.

Boys Jump From Auto-truck.

Wednesday afternoon at 1 o'clock a boy named Lacroix, residing in the western section of the town, jumped from Dearnley & Clarke's delivery automobile while the car was traveling through the eastern section of Railroad street. Lacroix with another boy was riding on the step of the car and jumped from the machine as it shot past Church hill. Lacroix's companion stepped in a backward direction and held his footing when he struck the ground, but Lacroix jumped forward from the car, lost his balance and fell face down against a culvert, cutting his hands and causing his nose to bleed freely. He was

taken into a nearby house and received first aid treatment.

Stephen Wood, a member of the 50th Co., C. D. L. I. S., stationed at Fort Terry, is spending a short furlough at his home here.

Miss Mae Lattelle of Scotland is spending a few days with Mr. and Mrs. James Adams and family.

Big Radiator Removed.

The large radiator which has been in the center of the local station for many years has been removed. It was used formerly when the station was heated by steam from the pump station. When the pump station was abolished the radiator was installed in the basement of the station. With its removal more standing room is obtained as the radiator covered about eight square feet of space. It also added to the appearance of the station as the radiator has long been an eyesore to patrons of the station.
